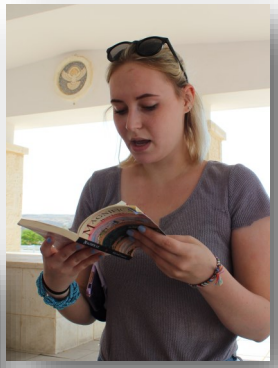
Resurrection Youth and Adult Holy Land Pilgrimage 2018

Jordan River Baptismal Site in the Country of Jordan. We read the account and stood in the water we had the opportunity to re-affirm our own Baptismal Vows .



"It was amazing visiting all the Holy Sites and imagining Jesus standing in the exact same places. Physically seeing all the holy sites gave them a whole new, intimate meaning. This pilgrimage enabled me to experience the biblical stories in a way I never had previously. As I move forward in life I will cherish the memories I made in Israel." Caitlin

Camel rides in Jericho at the Elisha Spring.

In Jericho, we went up to the Mount of the Temptation of Christ, we hiked to the Fourth Century Monastery built around the caves and the rock where tradition says Jesus was tempted by the Devil. May we trust in Christ when we are tempted to doubt what The Holy Spirit is working in and through us.
